Luxury Bed and Breakfast

Carolyn B. & Frank V. Troxell, CEOs

The Inn at Westwynd Farm is proof that it's never too late to pursue a dream. After retiring from a successful career with Mellon Bank, Carolyn Troxell, along with her husband, Frank, decided to turn their home, tucked away on a beautiful horse farm near Hershey, into a luxury bed and breakfast. After much hard work, perseverance and patience, they created a getaway that invites guests to enjoy a unique mix of luxury lodging, beautiful gardens, country views and gourmet breakfasts. Effective Internet marketing, positive guest reviews and a staff committed to maintaining the highest level of hospitality have all contributed to the inn's rapid growth over the past eight years.
